

Natural for body, soul and spirit

Our spagyric cosmetics consist of high-quality vegetable oils and contain only fragrances and preservatives of natural origin. They comply with the standards for natural cosmetics. The selected ingredients give our range a unique and holistic character.

As a responsible company, we use only raw materials from certified organic cultivation and we renounce, in accordance with our ethical standards and as far as possible from animal products. As a result, our cosmetics are developed and manufactured without animal testing. Most of our cosmetic products are made of pure herbal ingredients and are therefore suited for a vegan lifestyle.

The addition of precious spagyric plant essences from our own production gives our cosmetics a special energetic note. Alchemical processes during the production yield minerals and trace elements, essential oils and the natural alcohol from the transformation of the plant. Combining these components unites the physical, emotional and spiritual aspects of the plant in accordance with alchemy concepts.

With our PHYLAK cosmetics you do not only care for your physical body but also improve the emotional level of your being.

Try them and you will experience
a very special feel-good effect.

Spagyric cosmetics

natural for
body, soul and spirit

Spagyric Skin Cream „Rose“

The creams contain the spagyric essence of Indian Neem tree, known for its revitalizing effect as it increases the detox function of the skin. The discreet and sweet fragrance of the essential oil of Damask Rose gives a sensual touch and stimulates the emotional heart. In addition, this essential oil is boosted by carefully selected precious gemstones, which gives our cream a unique synergy.

The special feature of our spagyric skin creams

Our skin creams are high quality natural products and meet the strict guidelines for natural cosmetics. This ensures the proven NaTrue Label (www.natrue.org). Concerned by only using natural preservatives, we therefore avoided parabens as well as forsake the use other ingredients such as silicones, petroleum products, synthetic emulsifiers and artificial fragrances or dyes.

The creams are free from animal products and thus ideally suited for a vegan lifestyle.

Not only the precious spagyric essences from our own productions but the unique alchemy of the creams offer a complete care for body, soul and spirit.

The soothing oils from certified organic agriculture provide the physical basis; the natural essential oils vitalised by gemstones address the emotional level and the naturally produced alcohol symbolizes the spiritual level. The harmonious interplay of these ingredients gives our creams a holistic touch.

Our creams formulation allows the incorporation of further additives according to individual needs, such as spagyric essences or combinations, homeopathic remedies, plant extracts or essential oils. Thus this tailor-made care cosmetic exhibits an additional therapeutic effect.
